

Farm Membership Cards

Customer Registration

Purchase a “gift card” and have it sent to a desired email. **The email will include a barcode, QR code, or Apple Wallet option. It is very important to SAVE this email.**

Either screenshot the barcode or QR code and save it in your photos app, or download the QR code to your Apple Wallet app (recommended). The Apple Wallet will track how much is left on your card.

Using Your Card

Pull up the QR code or barcode on your phone. A Procter staff member will prompt you to hold up the QR code or barcode to the iPad screen. If it's sunny, you may have to move your hand across screen to block any glare.

Another option is to keep the barcode number on a piece of paper, in your wallet, and provide a Procter Staff member with your barcode number upon checkout.

Reloading Account

Select [Farm Membership](#) or Gift Card at www.proctercenter.org. Once on the Square page, select “Reload Card” on the top right of the screen. You will need your original barcode number, found in your original sign-up confirmation email. Enter the barcode number. Click the small box underneath stating, “my card does not have a pin”. Select the desired amount you would like to add to the card and follow the payment prompts.

Checking Balance

Select [Farm Membership](#) or Gift Card at www.proctercenter.org. Once on the Square page, select “Check Balance” on the top right of the screen. You will need your original barcode number, found in your original sign-up confirmation email. Enter the barcode number. Click the small box underneath stating, “my card does not have a pin”. Click “Check Balance”. The current balance of your card will appear.
